Trainee 2016-2017

Accedo are market leaders within the domain of the video experience and we are changing when, where and how millions of people are entertained across the globe. We are pioneers, working with bleeding edge technology and the coolest customers to make this happen. Understanding our role in this industry transformation and the impact on viewers makes us proud.

Driving this industry transformation means that Accedo needs to be one step ahead and attract the best talent. Our trainee program is an important component in our ability to develop the competence that we need to challenge our industry and contribute to our learning and sharing culture.

The program

We want to give you the best possible start to your professional career. Accedos trainee program is a fast track introduction to our business and solution areas. The program runs over a twelve-month period and is built around 4 rotation periods which offers a unique opportunity to build your internal network and interact with colleagues across the globe.

The program is run out of Accedo's headquarters in Stockholm but as Accedo is an international company, parts of the program might be located in one of the offices abroad.

Every participant will be assigned it's a mentor to guide the trainee through the program. At the end of the program you and your mentor will discuss and decide on a suitable position within Accedo.

To find out more, meet our trainees and read about their experiences via out Trainee Blog: https://www.accedo.tv/trainee-blog/

Whats in it for you?
Accedo is fast paced, evolutionary and truly international which enables individual growth; whether stepping out of our knowledge comfort zones in new roles, working with diverse technology and projects, or taking the opportunity to work with colleagues across the globe.

A trainee role with us will provide you with context, unique opportunities to learn about Accedo our products and services, and industry

The ideal candidate…
Our Trainee program is aimed at engineering graduates with an emphasis towards IT/computer science.

If you have a passion for technology, a strong interest in media and have positive and energetic attitude, we would love to hear from you!
